

Pre-Kindergarten Math Games

A decorative border of colorful counting bears surrounds the central text. The bears are arranged in a rectangular frame, with colors including yellow, orange, red, green, and blue. The top and bottom rows are slightly offset from the sides.

Counting Bears!

Materials:

- 1 Die
- 50 Counting Bears
- Mat

How to play:

1. All bears start in the middle.
2. First player rolls the die; the number the player rolls is the number of bears that player takes from the pile. Then the die is passed to the next player.
3. Repeat until all the bears are gone.
4. The player with the most bears wins!
