

# Pre-Kindergarten Math Games

## DIRECTIONS FOR "MORE, FEWER, THE SAME AS" "WAR"

- 1 Each player gets a set of cards numbered 1-10. The cards are placed face down in a pile.
- 2 Each player takes and reveals one card from the top of their pile.
- 3 Each player counts out loud demonstrating one-to one correspondence, left to right and top to bottom sequencing.
- 4 The person with the higher number states, "I have more," and keeps the two cards.
- 5 The person with the lower number states, "I have fewer."
- 6 If the same number is revealed, the two players state, "We have the same," and each person keeps his/her own card.

## CHALLENGE

You can increase the challenge by preparing and including additional cards from 11 to 20.
