

Dear Parents and Students,

As promised at today's WMS Orientation meeting, attached is the Hybrid schedule. Students' assignment to Hybrid A/B is located at the bottom of their course schedule. There were many questions about this at today's program. Hybrid A students arrive at WMS on September 8th and follow the light blue grid; Hybrid B students start working remotely at home on September 8th and begin in person instruction at WMS on September 10th, following the dark blue grid. It is very important that students follow the correct days and are aware of their educational days at both home and school. Fully remote student do not follow the grid. All students working remotely are expected to turn their camera on and their have proper name displayed. Attendance will be taken during each class.

Dr. Bauer sent home a very important email today with school opening procedures. Please be sure to read it thoroughly as it contains many details.

Also, enjoy the flipgrid videos (again) that were created in the Spring. This will allow you and your child to become more familiar with the building and the administrators.

It was wonderful to see so many excited students who had great questions. We hope that you found the virtual meeting helpful. We wish you and your family all the best as we begin the new school year!

Mary Harrison  
Chairperson of Guidance
